Guy's Hospital Kidney Transplantation Course 2022

This course is to provide an update on all aspects of Kidney transplantation carried out by expert clinicians in the field. Further this will allow the participants to get exposed to learn about difficult cases handled throughout the year, whilst having the opportunity take part in the panel discussions with the expert clinicians from the field.

Hold the date

The course takes place on
Thursday 1st & Friday 2nd December, 2022

Booking closes on
Wednesday 30th November 2022

Guy's Hospital is a leading unit in kidney transplantation. Many clinicians and academics are well known leading figures in the field. We aim to create a course that will give a short but relevant update in kidney transplantation and will attract clinicians from London, UK and overseas. This will be a dedicated for nephrologists.

AIMS

At the end of this course, the participants will

- 1) Get an update in all aspects of kidney transplantation
- 2) Learn about evidence-based kidney transplantation activities carried out by experts
- 3) Learn about focus on the current practice, changes and future directions of Kidney transplantation
